

KENNETH KAFUNYA

PRODUCT DESIGNER (UI/UX)

PROFILE

"I am a Product Designer specialising in bridging the gap between design and code. I am currently honing my frontend development skills by building my online portfolio with React, treating the platform as a live practice project to ensure my designs are as technically feasible."

UPON REQUEST

KENNETHKAFUNYA@GMAIL.COM

LUSAKA, ZAMBIA

SKILLS

- Problem-solving & product thinking
- User Research
- UI/UX Fundamentals
